If you want to change your password, you can do it at https://password.dmjx.dk

Remember – when you change your password, you will change to Itslearning, Wi-Fi, Videoplatform, your mail, Office 365 etc.

You can change your password by doing:

1. Login to: https://password.dmjx.dk
2. Use your username and password to login.
3. Choose “My Profile”
4. Choose Password
5. Choose “Change Password”
6. Write you new password twice. The password requirements are described on the page.
